

Most of the site navigation and functionality is self-explanatory, but I wanted to highlight some of the important aspects, such as how to register an upcoming round and how to upload your score cards.

## Registering an Upcoming Round

Before you can upload a score card, you will need to register an upcoming round.

To do this, click the 'My Upcoming Rounds' on the main menu. When the page opens click the 'New Upcoming Round' button and fill in the round details. The 'Notes' section is optional. Once this round has been submitted you will see a list of your upcoming rounds. You can edit or remove these round(s) by clicking the table:

## Uploading your Score Card

To upload your score card click the 'Order of Merit' button on the main menu. This will display the Order of Merit - (Individual) competition list. Click the 'Upload Score Card' button on the right hand side of the competition table. Your list of upcoming rounds will then appear and the most recent round will be selected. Check the details of the round are correct and click the 'Attach Score Card Image' button. Once you have selected your score card image, click the 'Upload Score Card Image' button. Note: you can't click this button until you have attached a score card image.

## Editing your Pending Score Card

There is an option to edit or remove your uploaded score card, if you need to do so.

On the main menu, click the 'My Pending Score Cards' button. You will then see a list of your uploaded score cards **that have not yet been processed**. Click this table to edit the score card details or click the 'Remove' button to delete the score card. You will see an 'Are you sure' prompt if you click the 'Remove' button.

The screenshot shows the 'TIGERLINE SCORES' logo and a golf ball icon. Below is the heading 'MY PENDING SCORE CARDS'. The user's name 'Martin Houkes' is displayed next to a profile picture, with 'Current Handicap : 17.9' below it. A table lists pending score cards with columns for 'Round Date' and 'Course'. One entry is shown for '03 March 2017' at 'The Mendip Golf Club', with a red 'X Remove' button to its right.
